DATA SHEET

CRYSTAL AMBRA POLISHED

PORCELAIN INTERIOR SLABS

48"x110"

120 cm x 278 cm
6.5 MM

TECHNICAL DETAILS

1. **Thickness**: 6.55MM (0.256 inches)
2. **Complies with ASTM C373-14 for water absorption:** ≤ 0.5%
3. **Breaking Strength as per ASTM C648-04:** ≥ 250 lbf (for floor tiles), with individual minimum value of 225 lbf
4. **Chemical Resistance according to ASTM C650-04**: Not affected
5. **Stain resistance evaluated by ASTM C1378-04:** Not affected
6. **Resistance to Surface Abrasion for dark colors:** Visible abrasion after 2100 cycles
7. **Resistance to Surface Abrasion for light colors:** Visible abrasion after more than 12000 cycles

FEATURES

Explore the refined elegance of our 48 inches by 110 inches, 6.5 MM thickness porcelain interior slabs, where grandeur meets functionality. These expansive slabs offer a seamless aesthetic, perfect for crafting luxurious interiors. With their impressive size, they reduce the need for multiple tiles, thus minimizing grout lines for a sleek, continuous surface that enhances any room's spaciousness.
